

Flora Lane
STUDIOS

Hello! Welcome here! I'm Dacey, the owner and lead floral designer, and I'm so thrilled you're considering me to be part of your special day! My passion lies in creating one-of-a-kind arrangements that not only reflect your unique style but also honor the natural beauty of British Columbia's local flowers. Nearly every stem is sourced from local farms to ensure your wedding florals are as fresh, sustainable, and breathtaking as the landscapes around us.

I believe that every wedding should feel as unique as the couple celebrating it. Whether you're drawn to lush, romantic florals or modern, minimalist designs, I will work closely with you to craft the perfect arrangements that bring your dream wedding vision to life. My commitment to using locally grown flowers means that your wedding flowers will not only be beautiful but will also support BC's hardworking farmers and the environment.

I understand that planning a wedding can be overwhelming, so I aim to make the floral process as stress-free and enjoyable as possible. From initial consultations to final installation, I'm here to guide you every step of the way. Let's create something beautiful together that will make your big day even more memorable, all while supporting local growers and sustainable practices. I can't wait to be part of your journey!

Rooted in BC

Dacey & the team prioritize locally grown, BC flowers whenever possible. We do not import flowers, instead designing with the beauty of what is naturally available each season. Specific florals, greenery, and colour palettes are subject to availability based on local growing conditions and seasonal offerings.

We appreciate your understanding and support of local farmers, and we believe the most beautiful designs are created by embracing the unique blooms each season has to offer.

Thank you for considering us for your big day!
